### ***JOB POSTING*** ***Generator Technician***

Moxy Marine Services, a full service on-site marine repair business, is opening its **Power Generation Systems division** and is currently recruiting a full-time, year round **Generator Technician** for the installation, maintenance and repair of generators in **commercial marine, recreational marine, residential and commercial applications**. This position requires a technical understanding of generator operation and repairs on a variety of makes and models ranging from 5kW to 20,000kW. We are seeking an experienced technician that is looking for a long term career in the power generation field with the desire and initiative to expand their knowledge and grow within our company. This is not an entry-level position.

Abilities and knowledge base must include:

- Ability to read and understand technical material
- Sound understanding of electricity and electronics
- Perform preventive maintenance (oil and filter changes)
- Remove / repair / replace unit components
- Perform warranty work according to manufacturer specifications
- Troubleshoot AC and DC circuits
- Install and commission new units
- Perform repairs to gas and diesel engines
- Identify additional repair needs including replacement of belts, hoses and batteries

Additional requirements to be considered for this position:

- High school diploma or equivalent
- Training from accredited technical school specializing in diesel or gas engines, and/or
- Honorable military discharge with a duty assignment related to vehicle or power generation equipment, and/or
- 3 years field experience in power generation equipment (Kohler preferred)
- Must take pride in your work and present yourself professionally and with integrity
- Ability to balance production and a quality end product is crucial
- Dependability and a strong work ethic is a must
- Excellent verbal communications skills (i.e. provide feedback to management regarding job status, discuss problems, recommend solutions, etc.)
- Excellent written communication skills (i.e. write detailed write-ups on work/repairs performed and make recommendations)
- Good computer skills

- Ability to work independently, be self-motivated, complete tasks, complete tasks on time and respond well to management direction
- Willingness to work overtime
- Attendance of out of state training courses as needed and required
- Have your own personal hand tools (we provide all specialty tools)
- Follow safety requirements
- Lift up to 100 lbs
- Work in outside weather conditions (heat, cold, rain, snow, humidity)

Wage/Salary: Competitive and commensurate with knowledge and experience level  
\$55,000 - \$70,000 annual base earning potential

Position Type: Full time, year round position

Benefits: Paid holidays  
Paid vacation/sick/personal days (available after completion of short trial period)

Location: Charleston, South Carolina

To be considered, please complete the online application at [www.moxymarine.com/careers/](http://www.moxymarine.com/careers/) and attach your cover letter and resume to the application.
